GRADUATE IN 5 YEARS WITH BOTH A BACHELOR'S AND MASTER'S DEGREE!

MBA 4+1 PROGRAM

Lake Erie College undergraduate students, regardless of major, who meet eligibility requirements can enroll in MBA courses which will concurrently count as electives towards their bachelor's degree and fulfill requirements for the MBA program. Students may register for up to 12 semester credits of courses at the MBA level. Those classes in which the student has earned a grade of "B" or better will count towards the 36 semester credits required for the MBA degree.

Eligibility for the 4+1 program requires:

- Completion of at least 90 undergraduate semester hours.
- Minimum cumulative grade point average of 3.0.
- Student must earn a grade of "B" or better in MBA level coursework for credit to apply towards MBA degree completion.

By earning this credit, the total required courses to obtain an MBA drops from 12 to as little as 8 upon the student's undergraduate graduation. This program allows students to graduate in five (5) years with both a bachelor's and a master's degree.
