LEARNING

MORE LEC NEWS!!

Hello everyone!

As Fall starts to settle in, I am excited to share with you some new developments in the MBA program. As of the fall semester, the MBA program now offers a new concentration in health informatics. All MBA concentrations, including health informatics, are earned by taking 3 specific electives for that concentration. [Click for more information on our concentration options.](#)

Also, as of the fall semester Lake Erie College now offers the MBA program 100% online! The online MBA program is structured so it can be completed in only 2 years, with 2 online courses offered each semester. [Click for more information about the online MBA.](#)

Finally, you may or may not know that our MBA program is now offered at a new location on the west side of Cleveland in Lorain, Ohio. Your MBA, your way and your location; east side, west side or online! [Click for more information on our locations.](#)

Have a great fall semester and always know that if you need anything or have any questions please let me know!

Thanks,
Dr. Bird
dbird@lec.edu

Alumni In The News

MBA Class of '98 alumna
Claire Zangerle named to
The American Hospital
Association Board of Trustees.
[See full story here!](#)

Focus On Faculty
